October 2026

FUTURE ELECTRONICS
A WT Microelectronics Company

Market Conditions Report

The following information has been gathered from multiple sources and qualified by Future Electronics Product Marketing. The information is intended to provide guidance only and should be treated accordingly. Future Electronics offers world-class supply chain programs to mitigate market supply and demand volatility. Contact your Account Manager to discuss our solutions in more detail.

A WT Microelectronics Company

Vishay	Lead Time	Trend	Pricing
Trimmers & Pots	10-20	↔	↗
Capacitors - Film	18-28	↗	↗
Capacitors - Supercapacitors	14-20	↗	↗
Capacitors - Tantalum Molded [1]	40-50	↗	↔
Capacitors - Tantalum Conformals [1]	50+	↗	↗
Capacitors - Polymer Tantalum [2]	50+	↗	↗
Inductors / Transformers	14-18	↔	↗
Thick Film Resistors	20-22	↔	↔
Thin Film Resistors	20-22	↗	↔
Current Sense Resistors	20-35	↗	↗
Surface Mount General Capacitors – Ceramic (Less than 1uf)	24-30	↗	↗
Surface Mount General Capacitors – Ceramic (greater than 1uf)	20-26	↗	↗
Leaded Capacitors - Ceramic	30-46	↗	↗
Specialty Capacitors	30-36	↗	↗

[1] Tantalum conformal market conditions show stable demand with limited supply flexibility.

[2] The polymer tantalum market remains constrained, with limited availability and extended lead times across all series.

Walsin Technology Corporation	Lead Time	Trend	Pricing
Surface Mount General Capacitors – Ceramic (Less than 1uf)	20-36	↗	↔
Surface Mount General Capacitors – Ceramic (greater than 1uf)	20-36	↗	↔
Surface Mount General Capacitors – Ceramic *Automotive grade	20-36	↗	↔

The MLCC market remains constrained, with limited availability and extended lead times across all series. Some series constrained 52weeks +, factory is not taking any new orders.

WIMA	Lead Time	Trend	Pricing
Capacitors - Film	30-40	↗	↗

Some products have EOL raw materials, and can not support new orders on those values.

Würth Elektronik	Lead Time	Trend	Pricing
Surface Mount General Capacitors	24-26	↔	↔
Inductors / Transformers	26-40	↗	↗

YAGEO	Lead Time	Trend	Pricing
Thick Film Resistors	24-26	↗	↗
Thin Film Resistors	24-26	↗	↗
Current Sense Resistors	24-26	↗	↗
Resistor Networks	24-26	↗	↗
Surface Mount General Capacitors – Ceramic (Less than 1uf)	30-52	↗	↗
Surface Mount General Capacitors – Ceramic (greater than 1uf)	30-52	↗	↗
Surface Mount General Capacitors – Ceramic *Automotive grade	30-52	↗	↗

The MLCC market remains constrained, with limited availability and extended lead times across all series.
